SAY Volunteer Application Policy Letter

To: All Area Presidents and Volunteer Administrators

Subject: SAY Volunteer Application Requirement

It has been brought to our attention that some confusion may exist over the necessity of having all volunteers complete a SAY Volunteer Application prior to being allowed access to children.

It is imperative that each and every adult that is associated with any SAY affiliated organization have a completed SAY Volunteer Application on file with the organization *prior to being allowed access to children*. This requirement applies to both volunteers and employees.

The whole purpose behind the Volunteer Screening Program is to protect the children that are placed under our charge. Proper completion of the SAY Volunteer Application is just one part of the protection process. SAY's Times Two Policy is the second part.

Each Area and District must ensure that everyone involved in their program is abiding by the Times Two Policy as adopted by SAY. More information about the Times Two Policy can be found on the SAY website.

A handwritten signature in black ink that reads "Thomas F. Tonn".

Thomas F. Tonn
SAY Volunteer Screening Committee Chair
